

BEHAVIOUR MANAGEMENT POLICY

Named person: Amanda Marchese

Birchwood Day Nursery does not tolerate any form of physical, mental or corporal punishment towards a child or adult.

Any persons who feel she/he is having difficulty controlling or dealing with a difficult situation they should seek advice from the manager/deputy.

Our aim here at Birchwood is to encourage children/adult to respect themselves and each other along with their belongings.

It is the behaviour and not the child that is not acceptable.

Discipline in the nursery involves early intervention and discouraging unacceptable behaviour and being positive about good behaviour.

If unacceptable behaviour continues the child will be spoken to removed from the activity/play will be asked to sit with a member of staff for short period of time, then welcoming the child back into the group to promote positive behaviour.

We here at Birchwood Day Nursery

Promote good manners

Staff to be good role Models

We encourage good behaviour and reward with stickers.
