

Special Education Needs (SEN)

Named SENCO:

Charlotte Shaw

Alison Wight

Here at Birchwood Private Day Nursery our aims are to comply with the Special educational needs and disability code of practice (2014).

To identify the specific needs of children with special educational needs at the earliest opportunity and meeting the needs with a range of SEN strategies. We actively work in partnership with parents and other agencies to meet children's individual needs.

All staff should demonstrate a friendly attitude to all children encouraging a positive role model, displaying approachable non bias behaviour.

Children with additional needs like all other children will be admitted to the nursery and will be treated like individuals.

We work closely with the parents ensuring that they are informed of each stage of assessment and exchanging any information that is identified.

Basic training is given to all staff regarding special educational needs to provide them with basic knowledge of areas of concerns and knowledge of individual children however only senior members of staff are fully qualified in special educational needs.
